### Cardiac to Intermediate

Date: November 22, 2005  
To: Training Officers, Regional Providers  
From: Matt Lawler, CSEMS Training Director *ML*  
Re: **2006 Cardiac to Intermediate Transition Program Modules**

*The Cardiac Technician to Intermediate Transition Program is a program of instruction that approaches new or expanded topic areas of the curriculum in a CE format. Much of this information was not covered in the Cardiac Technician program. The transition program assumes that the ALS provider has a thorough understanding of the objectives that are primarily taught in the Virginia Cardiac Technician Curriculum. **This is the CSEMS Council's final offering of transition modules.***
