Basic Trauma Life Support

Basic Trauma Life Support is a hands-on training course offering BLS and ALS EMS personnel complete training in the skills necessary for rapid assessment, resuscitation, stabilization and transportation of trauma patients. The course is designed for providers who must initially evaluate and stabilize the trauma patient. For the advanced EMT, paramedic and trauma nurse, the primary objectives of the course are to teach the correct sequence of evaluation and the techniques of resuscitation and packaging a patient.

Dates: Saturday, June 17, 2006 (8:00 AM – 5:00 PM)
Sunday, June 18, 2006 (8:00 AM – 5:00 PM)
