Re: **EMT-Basic Course**

The Emergency Medical Technician (EMT) Program is the basis for all higher levels of certification in Virginia. This program provides general instruction in all areas of human body systems and initial care for a wide range of medical conditions. This course requires a minimum of 111 hours of classroom and skills instruction plus 10 hours of clinical observation in a hospital or pre-hospital setting. Virginia EMT certification is the minimum requirement for provision of patient care as the Attendant-In-Charge on a basic life support ambulance in Virginia.
