Re: Medical Examiner

Dr. Malcolm Tenney has retired as a local medical examiner as of Friday, December 14, 2007. Currently there is no local replacement. Local communication centers have been instructed by the Western District Office of the Chief Medical Examiner to contact their office at 800-862-8312 if a medical examiner is needed and they will determine if they need to come to the scene and/or have the body transported to their office in Roanoke as a M.E. case.

The local protocol for out of hospital deaths has not changed. Rather, there is simply a change in contact procedures for the medical examiner.

If you have any questions, please contact the Central Shenandoah EMS Council.
